

Heaven's Beautiful Green

Do not cry now I am gone
I'm really not too far away
I left without much warning
And goodbye is hard to say

I will be right by your side
For each and every day
Unless, of course there is
A game of golf to play

On heaven's beautiful green
Is where I will often be found
Somewhere on the back nine
For there's no fee for an 18-hole round

With my chipper, my driver and putter
A hole-in-one will be my aim
No need for shouting FORE
While playing this glorious game

So all I ask of you now
Is cherish our memories made
Our laughs, our loves, our fun
And all the games once played

Remember all the good times
Special moments in the day
For they were just so many
Please smile and don't cry today

I may have gone for now
So just keep me in your heart
And I will be waiting patiently
For the day we are no longer apart
